

7. Reservation of Causes of Action/Reservation of Rights

Nothing contained in the Plan, except as set forth in section 11.9(b) of the Plan, a Final Order approving the appointment of an Estate Representative, or the Confirmation Order will be deemed to be a waiver or the relinquishment of any rights or causes of action that the Debtors, the Reorganized Debtors, or the Prepetition Lenders may have or may choose to assert against any parties relating to the purchase and financing of PRC from IAC/Interactive Corp. As used in the Plan, the term "Estate Representative" means a Person appointed as a representative of the estates of the Debtors under section 1123(b) of the Bankruptcy Code for the purpose of enforcing claims or causes of action relating to the purchase and financing of PRC from IAC/Interactive Corp. The terms of such an appointment shall be subject to approval by (a) the Prepetition Lenders, and (b) the Bankruptcy Court, after notice of a motion and a hearing.

8. Exculpation

None of the Debtors, the Prepetition First Lien Agent, the Prepetition Second Lien Agent, the Prepetition Lenders, the DIP Agent, the DIP Lenders, the Creditors' Committee and its members solely in their capacity as such, and members of the board of managers of Panther/DCP Holdings LLC solely in their capacity as managers of the Debtors (collectively, the "Exculpated Parties"), and the Exculpated Parties' respective officers, directors, employees, accountants, financial advisors, investment bankers, agents, restructuring advisors, and attorneys, and each of their respective agents and representatives (but, in each case, solely in connection with their official capacities in the Reorganization Cases), will have or incur any liability for any Claim, cause of action or other assertion of liability for any act taken or omitted to be taken in connection with, or arising out of, the Reorganization Cases, the formulation, dissemination, confirmation, consummation or administration of the Plan, property to be distributed under the Plan or any other act or omission in connection with the Reorganization Cases, the Plan, the Disclosure Statement or any contract, instrument, document or other agreement related thereto; *provided, however,* that the foregoing shall not affect the liability of any Person that otherwise would result from any such act or omission to the extent such act or omission is determined by a Final Order to have constituted willful misconduct or gross negligence.

9. Limited Releases

(a) Except as expressly provided in the Plan, including but not limited to Section 11.7 of the Plan, effective as of the Confirmation Date but subject to the occurrence of the Effective Date, and in consideration of the services of the present and former members of the board of managers of Panther/DCP Holdings, LLC solely in their capacity as managers of the Debtors, directors, officers, employees, agents, financial advisors, restructuring advisors, attorneys and representatives of the Debtors who acted in such capacities after the Commencement Date; (x) the Debtors, (y) each holder of a Claim that votes to accept the Plan (or is deemed to accept the Plan), and (z) to the fullest extent permissible under applicable law, as such law may be extended or integrated after the Effective Date, each holder of a Claim that does not vote to accept the Plan (the parties set forth in subsections (x), (y), and (z) being the "Releasors"), will release, waive and discharge, unconditionally and forever each present or former members of the board of managers of Panther/DCP Holdings, LLC solely in their capacity as managers of the Debtors, director, officer, employee, agent, financial advisor, restructuring advisor, attorney and representative of the Debtors who acted in such capacity after the Commencement Date, and each of their respective members, officers, directors, agents, financial advisors, attorneys, employees, equity holders, parent corporations, subsidiaries, partners, and

representatives from any and all Claims or causes of action whatsoever in connection with, related to, or arising out of the performance of their duties on behalf of the Debtors in the Prepetition Period, these Reorganization Cases, the pursuit of confirmation of the Plan, the consummation thereof, the administration thereof or the property to be distributed thereunder; provided that the foregoing will not operate as a waiver of or release from any causes of action arising out of the willful misconduct or gross negligence of any such person or entity; provided further, that the equity interests of HoldCo in the Debtors will be extinguished without releases from the Debtors and the Prepetition Lenders unless pursuant to separate consideration paid and satisfactory to the individual Prepetition Lenders.

(b) Effective as of the Confirmation Date, but subject to the occurrence of the Effective Date, and without regard to Section 11.7 of the Plan, in consideration of the services, agreements and accommodations of the Lender Released Parties; the Releasors and any Estate Representative, will release, waive and discharge unconditionally and forever each of the Lender Released Parties and each of their respective members, officers, directors, agents, financial advisors, attorneys, employees, equity holders, parent corporations, subsidiaries, partners, and representatives from any and all Claims, obligations, suits, judgments, damages, rights, causes of action and liabilities whatsoever (including those arising under the Bankruptcy Code), whether known or unknown, foreseen or unforeseen, existing or hereinafter arising in law, equity, or otherwise, based in whole or in part on any act, omission, transaction, event or other occurrence: (i) taking place before the Commencement Date in connection with or relating to any of the Debtors or any of their direct or indirect subsidiaries; and (ii) in connection with, related to, or arising out of these Reorganization Cases, the pursuit of confirmation of the Plan, the consummation thereof, the administration thereof or the property to be distributed thereunder.

(c) Effective as of the Confirmation Date, but subject to the occurrence of the Effective Date and the provisions of a Final Order approving the appointment of an Estate Representative, and without regard to Section 11.7 of the Plan, in consideration of the services and other benefits provided by an Estate Representative; the Releasors, will release, waive and discharge unconditionally and forever any Estate Representative and each of its respective members, officers, directors, agents, financial advisors, attorneys, employees, equity holders, parent corporations, subsidiaries, partners, and representatives from any and all Claims, obligations, suits, judgments, damages, rights, causes of action and liabilities whatsoever (including those arising under the Bankruptcy Code), whether known or unknown, foreseen or unforeseen, existing or hereinafter arising in law, equity, or otherwise, based in whole or in part on any act, omission, transaction, event or other occurrence: (i) taking place before the Commencement Date in connection with or relating to any of the Debtors or any of their direct or indirect subsidiaries; and (ii) in connection with, related to, or arising out of these Reorganization Cases, the pursuit of confirmation of the Plan, the consummation thereof, the administration thereof or the property to be distributed thereunder.

10. Avoidance Actions/Objections

Other than any releases granted under the Plan, by the Confirmation Order and by Final Order of the Bankruptcy Court, as applicable, from and after the Effective Date, the Reorganized Debtors will have the right to prosecute any and all avoidance or equitable subordination actions, recovery causes of action and objections to Claims under sections 105, 502, 510, 542 through 551, and 553 of the Bankruptcy Code that belong to the Debtors or Debtors in Possession; *provided, however*, that the Reorganized Debtors shall be deemed to have waived all causes of action under section 547 of the Bankruptcy Code against Trade Creditors of the

Debtors. The Plan defines a Trade Creditor as a holder of a General Unsecured Claim against a Debtor if the holder of such General Unsecured Claim provided goods or services to the Debtors in the ordinary course of the Debtors' business. For the avoidance of doubt, IAC/Interactive Corp., former employees of the Debtors, and former officers of the Debtors will not be considered Trade Creditors for purposes of the Plan. An employee or officer of the Debtors will be considered a former employee or former officer if that person is not an employee or officer on the date of the Confirmation Hearing.

J. RETENTION OF JURISDICTION

The Bankruptcy Court will have exclusive jurisdiction of all matters arising out of, or related to, the Reorganization Cases and the Plan pursuant to, and for the purposes of, sections 105(a) and 1142 of the Bankruptcy Code, including, without limitation:

- (a) To hear and determine pending applications for the assumption or rejection of executory contracts or unexpired leases and the allowance of cure amounts and Claims resulting therefrom;
- (b) To determine any and all adversary proceedings, applications and contested matters;
- (c) To hear and determine all applications for compensation and reimbursement of expenses under sections 330, 331 and 503(b) of the Bankruptcy Code;
- (d) To hear and determine any timely objections to, or requests for estimation of Disputed Administrative Expense Claims and Disputed Claims, in whole or in part;
- (e) To enter and implement such orders as may be appropriate in the event the Confirmation Order is for any reason stayed, revoked, modified or vacated;
- (f) To issue such orders in aid of execution of the Plan, to the extent authorized by section 1142 of the Bankruptcy Code;
- (g) To consider any amendments to or modifications of the Plan or to cure any defect or omission, or reconcile any inconsistency, in any order of the Bankruptcy Court, including, without limitation, the Confirmation Order;
- (h) To hear and determine disputes or issues arising in connection with the interpretation, implementation or enforcement of the Plan, the Confirmation Order, any transactions or payments contemplated thereby, any agreement, instrument, or other document governing or relating to any of the foregoing or any settlement approved by the Bankruptcy Court;
- (i) To hear and determine matters concerning state, local and federal taxes in accordance with sections 346, 505 and 1146 of the Bankruptcy Code (including, without limitation, any request by the Debtors prior to the Effective Date or request by the Reorganized Debtors after the Effective Date for an expedited determination of tax under section 505(b) of the Bankruptcy Code);

(j) To hear and determine all disputes involving the existence, scope and nature of the discharges granted under the Plan, the Confirmation Order or the Bankruptcy Code;

(k) To issue injunctions and effect any other actions that may be necessary or appropriate to restrain interference by any person or entity with the consummation, implementation or enforcement of the Plan, the Confirmation Order or any other order of the Bankruptcy Court;

(l) To determine such other matters and for such other purposes as may be provided in the Confirmation Order;

(m) To hear and determine any rights, Claims or causes of action held by or accruing to the Debtors pursuant to the Bankruptcy Code or pursuant to any federal or state statute or legal theory;

(n) To recover all assets of the Debtors and property of the Debtors' estates, wherever located;

(o) To enter a final decree closing the Reorganization Cases; and

(p) To hear any other matter not inconsistent with the Bankruptcy Code.

K. MISCELLANEOUS PROVISIONS

1. Effectuating Documents and Further Transactions

On or before the Effective Date, and without the need for any further order or authority, the Debtors will file with the Bankruptcy Court or execute, as appropriate, such agreements and other documents that are in form and substance satisfactory to them as may be necessary or appropriate to effectuate and further evidence the terms and conditions of the Plan. The Reorganized Debtors are authorized under the Plan to execute, deliver, file or record such contracts, instruments, releases, indentures and other agreements or documents and take such actions as may be necessary or appropriate to effectuate and further evidence the terms and conditions of the Plan and any securities issued pursuant to the Plan.

2. Withholding and Reporting Requirements

In connection with the Plan and all instruments issued and distributed pursuant to the Plan, any party issuing any instrument or making any distribution under the Plan must comply with all applicable withholding and reporting requirements imposed by any federal, state or local taxing authority, and all distributions under the Plan will be subject to any such withholding or reporting requirements. Notwithstanding the above, each holder of an Allowed Claim that is to receive a distribution under the Plan will have the sole and exclusive responsibility for the satisfaction and payment of any tax obligations imposed on such holder by any governmental unit, including income, withholding and other tax obligations, on account of such distribution. Any party issuing any instrument or making any distribution under the Plan has the right, but not the obligation, to not make a distribution until such holder has made arrangements satisfactory to such issuing or disbursing party for payment of any such tax obligations.

3. Corporate Action

On the Effective Date, all matters provided for under the Plan that would otherwise require approval of the managers or directors of one or more of the Debtors or Reorganized Debtors, as the case may be, will be in effect from and after the Effective Date pursuant to the applicable general corporation law of the states in which the Debtors or the Reorganized Debtors are incorporated or established, without any requirement of further action by the managers or directors of the Debtors or the Reorganized Debtors. On the Effective Date, or as soon thereafter as is practicable, the Reorganized Debtors will, if required, file their amended articles of organization or certificates of incorporation, as the case may be, with the Secretary of State of the state in which each such entity is (or will be) organized, in accordance with the applicable general business law of each such jurisdiction.

4. Modification of Plan

Alterations, amendments or modifications of or to the Plan may be proposed in writing by the Debtors at any time prior to the Confirmation Date, provided that the Plan, as altered, amended or modified, satisfies the conditions of sections 1122 and 1123 of the Bankruptcy Code and the Debtors will have complied with section 1125 of the Bankruptcy Code. The Plan may be altered, amended or modified at any time after the Confirmation Date and before substantial consummation, provided that the Plan, as altered, amended or modified, satisfies the requirements of sections 1122 and 1123 of the Bankruptcy Code and the Bankruptcy Court, after notice and a hearing, confirms the Plan, as altered, amended or modified, under section 1129 of the Bankruptcy Code and the circumstances warrant such alterations, amendments or modifications. A holder of a Claim that has accepted the Plan will be deemed to have accepted the Plan, as altered, amended or modified, if the proposed alteration, amendment or modification does not materially and adversely change the treatment of the Claim of such holder.

Prior to the Effective Date, the Debtors may make appropriate technical adjustments and modifications to the Plan without further order or approval of the Bankruptcy Court, provided that such technical adjustments and modifications do not adversely affect in a material way the treatment of holders of Claims or Preconfirmation Equity Interests.

5. Revocation or Withdrawal of the Plan

The Debtors reserve the right to revoke or withdraw the Plan prior to the Confirmation Date. If the Debtors revoke or withdraw the Plan prior to the Confirmation Date, then the Plan will be deemed null and void. In such event, nothing contained under the Plan will constitute or be deemed a waiver or release of any Claims or Preconfirmation Equity Interests by or against the Debtors or any other person or to prejudice in any manner the rights of the Debtors or any person in any further proceedings involving the Debtors.

6. Plan Supplement

The Plan Supplement and the documents contained therein will be in form, scope and substance satisfactory to the Debtors, the DIP Lenders, and the Prepetition Lenders, except that the Exit Facility will only be required to be in form, scope and substance satisfactory to the Debtors and the DIP Lenders, and will be filed with the Bankruptcy Court no later than five (5) Business Days before the deadline for voting to accept or reject the Plan; provided that the documents included therein may thereafter be amended and supplemented prior to execution, so

long as no such amendment or supplement materially affects the rights of holders of Claims. The Plan Supplement and the documents contained therein are incorporated into and made a part of the Plan as if set forth in full therein. Any party in interest wishing to obtain copies of documents included within the Plan Supplement should telephone the Debtors' voting agent, Epiq Bankruptcy Solutions, LLC at (866) 897-6433, or may examine such documents free of charge at <http://chapter11.epiqsystems.com/prcllc>.

7. Payment of Statutory Fees

All fees payable under section 1930 of chapter 123 of title 28 of the United States Code, as determined by the Bankruptcy Court at the Confirmation Hearing, will be paid on the Effective Date.

8. Dissolution of the Creditors' Committee

On the Effective Date, the Creditors' Committee will be dissolved and the members thereof will be released and discharged of and from all further authority, duties, responsibilities and obligations related to and arising from and in connection with the Reorganization Cases, and the retention or employment of the Creditors' Committee's attorneys, accountants and other agents, if any, will terminate except as follows: (a) the Creditors' Committee and its professionals may continue to perform duties solely with respect to the evaluation and prosecution of objections to Material General Unsecured Claims as provided in Section 7.1 of the Plan for a period after the Effective Date of the Plan until those objections are resolved; and (b) for purposes of filing and prosecuting applications for final allowances of compensation for professional services rendered and reimbursement of expenses incurred in connection therewith. Fees and expenses incurred by the Creditors' Committee and their professionals after the Effective Date for the services described in the preceding sentence are subject to the limitations set forth in Section 2.3 of the Plan. For a more detailed description of these limitations, see Section VI.B.1 of this Disclosure Statement regarding "Professional Compensation and Reimbursement Claims."

9. Exemption from Transfer Taxes

Pursuant to section 1146(a) of the Bankruptcy Code, the issuance, transfer or exchange of notes or equity securities under or in connection with the Plan, the creation of any mortgage, deed of trust or other security interest, the making or assignment of any lease or sublease or the making or delivery of any deed or other instrument of transfer under, in furtherance of, or in connection with the Plan, including, without limitation, the Exit Facility and the Postconfirmation Unsecured Note, any merger agreements or agreements of consolidation, deeds, bills of sale or assignments executed in connection with any of the transactions contemplated under the Plan will not be subject to any stamp, real estate transfer, mortgage recording or other similar tax.

10. Expedited Tax Determination

The Debtors and the Reorganized Debtors are authorized under the Plan to request an expedited determination of taxes under section 505(b) of the Bankruptcy Code for any or all returns filed for, or on behalf of, the Debtors for any and all taxable periods (or portions thereof) ending after the Commencement Date through and including the Effective Date.

11. Exhibits/Schedules

All exhibits and schedules to the Plan, including the Plan Supplement, are incorporated into and are a part of the Plan as if set forth in full in the Plan.

12. Substantial Consummation

On the Effective Date, the Plan will be deemed to be substantially consummated under sections 1101 and 1127(b) of the Bankruptcy Code.

13. Severability of Plan Provisions

In the event that, prior to the Confirmation Date, any term or provision of the Plan is held by the Bankruptcy Court to be invalid, void or unenforceable, the Bankruptcy Court will have the power to alter and interpret such term or provision to make it valid or enforceable to the maximum extent practicable, consistent with the original purpose of the term or provision held to be invalid, void or unenforceable, and such term or provision will then be applicable as altered or interpreted. Notwithstanding any such holding, alteration or interpretation, the remainder of the terms and provisions of the Plan will remain in full force and effect and will in no way be affected, impaired or invalidated by such holding, alteration or interpretation. The Confirmation Order will constitute a judicial determination and will provide that each term and provision of the Plan, as it may have been altered or interpreted in accordance with the foregoing, is valid and enforceable in accordance with its terms.

14. Governing Law

Except to the extent that the Bankruptcy Code or other federal law is applicable, or to the extent an exhibit to the Plan or Plan Supplement provides otherwise (in which case the governing law specified therein will be applicable to such exhibit), the rights, duties, and obligations arising under the Plan will be governed by, and construed and enforced in accordance with, the laws of the State of New York without giving effect to its principles of conflict of laws.

15. Notices

All notices, requests and demands to or upon the Debtors must be in writing (including by facsimile transmission) to be effective and, unless otherwise expressly provided under the Plan, will be deemed to have been duly given or made when actually delivered or, in the case of notice by facsimile transmission, when received and telephonically confirmed, addressed as follows:

16. Exemption from Securities Laws

The Plan contemplates the issuance of Postconfirmation HoldCo membership interests and warrants to holders of Allowed Prepetition First Lien Claims and Allowed Prepetition Second Lien Claims, as the case may be, as well as the possible issuance of Postconfirmation HoldCo membership interests to participants in the Postconfirmation Management Incentive Plan. In reliance upon section 1145 of the Bankruptcy Code, the offer and issuance of Postconfirmation HoldCo membership interests and warrants (to the extent they constitute “securities” and, collectively with the Postconfirmation HoldCo membership interests, the “1145 Securities”), will be exempt from the registration requirements of the Securities Act of 1933 (the “Securities Act”) and equivalent provisions in state securities laws. Section 1145(a) of the Bankruptcy Code generally exempts from such registration requirements the issuance of securities if the following conditions are satisfied: (i) the securities are issued or sold under a chapter 11 plan by (a) a debtor, (b) one of its affiliates participating in a joint plan with the debtor, or (c) a successor to a debtor under the plan and (ii) the securities are issued entirely in exchange for a claim against or interest in the debtor or such affiliate, or are issued principally in such exchange and partly for cash or property. The Debtors believe that the exchange of 1145 Securities for Claims against the Debtors under the circumstances provided in the Plan will satisfy the requirements of section 1145(a) of the Bankruptcy Code.

The 1145 Securities to be issued pursuant to the Plan will be deemed to have been issued in a public offering under the Securities Act and, therefore, may be resold by any holder thereof without registration under the Securities Act pursuant to the exemption provided by section 4(1) thereof, unless the holder is an “underwriter” with respect to such securities, as that term is defined in section 1145(b)(1) of the Bankruptcy Code (a “statutory underwriter”). In addition, such securities generally may be resold by the holders thereof without registration under state securities or “blue sky” laws pursuant to various exemptions provided by the respective laws of the individual states. However, holders of securities issued under the Plan are advised to consult with their own counsel as to the availability of any such exemption from registration under federal securities laws and any relevant state securities laws in any given instance and as to any applicable requirements or conditions to the availability thereof.

Section 1145(b)(i) of the Bankruptcy Code defines “underwriter” for purposes of the Securities Act as one who (i) purchases a claim or interest with a view to distribution of any security to be received in exchange for the claim or interest, or (ii) offers to sell securities issued under a plan for the holders of such securities, or (iii) offers to buy securities issued under a plan from persons receiving such securities, if the offer to buy is made with a view to distribution of such securities and under an agreement made in connection with the plan, with the consummation of the plan, or with the offer or sale of securities under the plan, or (iv) is an issuer of the securities within the meaning of section 2(a)(11) of the Securities Act.

An entity is not deemed to be an “underwriter” under section 2(a)(11) of the Securities Act with respect to securities received under section 1145(a)(1) which are transferred in “ordinary trading transactions” made on a national securities exchange or a NASDAQ market. However, there can be no assurances, and it is not currently anticipated, that such securities will be listed on an exchange or NASDAQ market. What constitutes “ordinary trading transactions” within the meaning of section 1145 of the Bankruptcy Code is the subject of interpretive letters by the staff of the Securities and Exchange Commission (the “SEC”). Generally, ordinary trading transactions are those that do not involve (i) concerted activity by recipients of securities under a plan of reorganization, or by distributors acting on their behalf, in connection with the sale of such securities, (ii) use of informational documents in connection with the sale other than the disclosure statement relating to the plan, any amendments thereto, and reports filed by the issuer with the SEC under the Securities Exchange Act of 1934 or (iii) payment of special compensation to brokers or dealers in connection with the sale.

The term “issuer” is defined in section 2(4) of the Securities Act; however, the reference contained in section 1145(b)(1)(D) of the Bankruptcy Code to section 2(11) of the Securities Act purports to include as statutory underwriters all persons who, directly or indirectly, through one or more intermediaries, control, are controlled by, or are under common control with, an issuer of securities. “Control” (as defined in Rule 405 under the Securities Act) means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract, or otherwise. Accordingly, an officer or director of a reorganized debtor or its successor under a plan of reorganization may be deemed to be a “control person” of such debtor or successor, particularly if the management position or directorship is coupled with ownership of a significant percentage of the voting securities of such issuer. Additionally, the legislative history of section 1145 of the Bankruptcy Code provides that a creditor who receives at least 10% of the voting securities of an issuer under a plan of reorganization will be presumed to be a statutory underwriter within the meaning of section 1145(b)(i) of the Bankruptcy Code.

The Debtors believe that any securities (the “Management Securities”) to be issued under the Postconfirmation Management Incentive Plan as provided under the Plan will be exempt from the registration requirements of the Securities Act, pursuant to section 4(2) of the Securities Act, as transactions by an issuer not involving any public offering, and equivalent exemptions in state securities laws.

To the extent that persons receive Management Securities or persons deemed to be “underwriters” receive 1145 Securities pursuant to the Plan (collectively, the “Restricted Holders”), resales by Restricted Holders would not be exempted by section 1145 of the Bankruptcy Code from registration under the Securities Act or other applicable law. Restricted Holders may, however, be able, at a future time and under certain conditions described below, to

sell securities without registration pursuant to the resale provisions of Rule 144 under the Securities Act.

Under certain circumstances, holders of 1145 Securities deemed to be “underwriters” or holders of Management Securities may be entitled to resell their securities pursuant to the limited safe harbor resale provisions of Rule 144 of the Securities Act, to the extent available, and in compliance with applicable state and foreign securities laws. Generally, Rule 144 of the Securities Act provides that persons who are affiliates of an issuer who resell securities will not be deemed to be underwriters if certain conditions are met. These conditions include the requirement that current public information with respect to the issuer be available, a limitation as to the amount of securities that may be sold in any three-month period, the requirement that the securities be sold in a “brokers transaction” or in a transaction directly with a “market maker” and that notice of the resale be filed with the Securities and Exchange Commission. The Debtors cannot assure, however, that adequate current public information will exist with respect to any issuer of 1145 Securities or Management Securities and therefore, that the safe harbor provisions of Rule 144 of the Securities Act will be available.

Pursuant to the Plan, certificates evidencing 1145 Securities or Management Securities received by Restricted Holders or by a holder that the Debtors determine is an underwriter within the meaning of section 1145 of the Bankruptcy Code will bear a legend substantially in the form below:

THE SECURITIES EVIDENCED BY THIS CERTIFICATE HAVE NOT
BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR
UNDER THE SECURITIES LAWS OF ANY STATE OR OTHER JURISDICTION AND MAY
NOT BE SOLD, OFFERED FOR SALE OR OTHERWISE TRANSFERRED UNLESS
REGISTERED OR QUALIFIED UNDER SAID ACT AND APPLICABLE STATE
SECURITIES LAWS OR UNLESS THE COMPANY RECEIVES AN OPINION OF
COUNSEL REASONABLY SATISFACTORY TO IT THAT SUCH REGISTRATION OR
QUALIFICATION IS NOT REQUIRED.

Any person or entity entitled to receive 1145 Securities who the issuer of such securities determines to be a statutory underwriter that would otherwise receive legended securities as provided above, may instead receive certificates evidencing 1145 Securities without such legend if, prior to the distribution of such securities, such person or entity delivers to such issuer, (i) an opinion of counsel reasonably satisfactory to such issuer to the effect that the 1145 Securities to be received by such person or entity are not subject to the restrictions applicable to “underwriters” under section 1145 of the Bankruptcy Code and may be sold without registration under the Securities Act and (ii) a certification that such person or entity is not an “underwriter” within the meaning of section 1145 of the Bankruptcy Code.

Any holder of a certificate evidencing 1145 Securities bearing such legend may present such certificate to the transfer agent for 1145 Securities for exchange for one or more new certificates not bearing such legend or for transfer to a new holder without such legend at such time as (i) such securities are sold pursuant to an effective registration statement under the Securities Act or (ii) such holder delivers to the issuer of such securities an opinion of counsel reasonably satisfactory to such issuer to the effect that such securities are no longer subject to the restrictions applicable to “underwriters” under section 1145 of the Bankruptcy Code or (iii) such holder delivers to such issuer an opinion of counsel reasonably satisfactory to such issuer to the effect that (x) such securities are no longer subject to the restrictions pursuant to an exemption

under the Securities Act and such securities may be sold without registration under the Securities Act or (y) such transfer is exempt from registration under the Securities Act, in which event the certificate issued to the transferee shall not bear such legend.

IN VIEW OF THE COMPLEX, SUBJECTIVE NATURE OF THE QUESTION OF WHETHER A RECIPIENT OF SECURITIES MAY BE AN UNDERWRITER OR AN AFFILIATE OF THE REORGANIZED DEBTORS, THE DEBTORS MAKE NO REPRESENTATIONS CONCERNING THE RIGHT OF ANY PERSON TO TRADE IN SECURITIES TO BE DISTRIBUTED PURSUANT TO THE PLAN. ACCORDINGLY, THE DEBTORS RECOMMEND THAT POTENTIAL RECIPIENTS OF SECURITIES CONSULT THEIR OWN COUNSEL CONCERNING WHETHER THEY MAY FREELY TRADE SUCH SECURITIES.

VII.

PROJECTIONS AND VALUATION ANALYSIS

A. CONSOLIDATED CONDENSED PROJECTED FINANCIAL STATEMENTS

1. Responsibility for and Purpose of the Projections

As a condition to confirmation of a plan, the Bankruptcy Code requires, among other things, that the Bankruptcy Court determine that confirmation is not likely to be followed by the liquidation or the need for further financial reorganization of the debtor. In connection with the development of the Plan, and for purposes of determining whether the Plan satisfies this feasibility standard, the Debtors' management has analyzed the ability of the Debtors to meet their obligations under the Plan and retain sufficient liquidity and capital resources to conduct their business.

2. Pro Forma Financial Projections

The Debtors believe that the Plan meets the Bankruptcy Code's feasibility requirement that Plan confirmation is not likely to be followed by liquidation, or the need for further financial reorganization of the Debtors or any successor under the Plan.

In connection with the development of the Plan, and for the purposes of determining whether the Plan satisfies the feasibility standard, the Debtors analyzed their ability to satisfy financial obligations while maintaining sufficient liquidity and capital resources. In this regard the Debtors, in consultation with their professionals, have prepared projected consolidated income statements and projected consolidated statements of cash flows of the operating Debtors (PRC; PRC B2B, LLC; Access Direct Telemarketing, Inc.; and PRC of Pennsylvania, LLC) for the six months ending December 31, 2008 ("Stub Period") and for the years ending December 31, 2009 and 2010 (collectively, the "Projection Period"), and the projected consolidated balance sheets of PRC as at December 31, 2008, 2009 and 2010 (collectively, the "Projections").

The Projections are based on a number of assumptions as set forth in Exhibit C, and while the Debtors have prepared the Projections in good faith and believe the assumptions to be reasonable, it is important to note that the Debtors can provide no assurance that such assumptions will ultimately be realized. The Projections should be read in conjunction with the qualifications contained herein, the risk factors described in the Disclosure Statement, and the

historical unaudited financial statements for the fiscal year ended December 31, 2007 which are also included in Exhibit C to this Disclosure Statement.

The Debtors do not, as a matter of course, publish their business plans and strategies or projections or anticipated financial position or results of operations. Accordingly, the Debtors do not anticipate that they will, and disclaim any obligation to, furnish updated business plans or projections to holders of Claims or interests after the Confirmation Date, or to include such information in documents required to be filed with the Securities and Exchange Commission (if any) or otherwise make such information public.

In connection with the planning and development of the Plan, the Projections were prepared by the Debtors to present the anticipated impact of the Plan. The Projections assume that the Plan will be implemented in accordance with its stated terms. Since the Projections are based on forecasts of key economic variables such as the demand for the Debtors' services, favorable capital market conditions for refinancing maturing term debt, the Debtors' ability to restructure operations and achieve certain cost reductions in an efficient manner, and the Debtors' ability to maintain their client relationships, business volumes and pricing, the ability add clients profitably, and the ability to manage their costs and manage the growth of the operations, the estimates and assumptions underlying the Projections are inherently uncertain. Though considered reasonable by the Debtors as of the date hereof, the Projections are subject to significant business, economic and competitive uncertainties. Accordingly, such projections, estimates and assumptions are not necessarily indicative of current values or future performance, which may be significantly less favorable or more favorable than as set forth. The Projections were substantially completed in April of 2008.

TO VOTE TO ACCEPT OR REJECT THE PLAN. ALL HOLDERS OF CLAIMS
SHOULD CAREFULLY READ AND CONSIDER FULLY THE RISK FACTORS SET**

**FORTH IN SECTION VIII OF THIS DISCLOSURE STATEMENT BEFORE VOTING
TO ACCEPT OR REJECT THE PLAN.**

The Projections assume that (i) the Plan will be confirmed and consummated in accordance with its terms, (ii) there will be no material change in legislation or regulations, or the administration thereof, that will have an unexpected effect on the operations of the Reorganized Debtors, (iii) there will be no change in generally accepted accounting principles in the United States that will have a material effect on the reported financial results of the Reorganized Debtors, (iv) the application of Fresh Start Reporting will not materially change the Debtors' revenue accounting procedures, and (v) there will be no material contingent or unliquidated litigation or indemnity Claims applicable to the Reorganized Debtors. To the extent that the assumptions inherent in the Projections are based upon future business decisions and objectives, they are subject to change. In addition, although they are presented with numerical specificity and considered reasonable by the Debtors when taken as a whole, the assumptions and estimates underlying the Projections are subject to significant business, economic and competitive uncertainties and contingencies, many of which will be beyond the control of the Reorganized Debtors. Accordingly, the Projections are only an estimate and, therefore, necessarily speculative in nature. It can be expected that some or all of the assumptions in the Projections will not be realized and that actual results will vary from the Projections, which variations may be material and are likely to increase over time. The Projections should therefore not be regarded as a representation by the Debtors or any other person that the results set forth in the Projections will be achieved. In light of the foregoing, readers are cautioned not to place undue reliance on the Projections. The Projections should be read together with the information, the assumptions, qualifications and footnotes to tables containing the Projections (which include projected statements of operations, projected balance sheets, and projected statements of cash flows) set forth herein, and the historical consolidated financial information (including the notes and schedules thereto) all as set forth in Exhibit C to this Disclosure Statement.

**SAFE HARBOR STATEMENT UNDER THE PRIVATE SECURITIES
LITIGATION REFORM ACT OF 1995.** The Projections contain statements which constitute "forward-looking statements" within the meaning of the Securities Act and the Securities Exchange Act of 1934 (the "Exchange Act"), as amended by the Private Securities Litigation Reform Act of 1995. "Forward-looking statements" in the Projections include the intent, belief or current expectations of the Debtors and members of their management team with respect to the timing of, completion of and scope of the current restructuring, reorganization plan, strategic business plan, bank financing, and debt and equity market conditions and the Debtors' future liquidity, as well as the assumptions upon which such statements are based. While the Debtors believe that the expectations are based on reasonable assumptions within the bounds of their knowledge of their business and operations, parties in interest are cautioned that any such forward-looking statements are not guarantees of future performance, and involve risks and uncertainties, and that actual results may differ materially from those contemplated by such forward-looking statements. Important factors currently known to the Debtors' management that could cause actual results to differ materially from those contemplated by the forward-looking statements in the Projections include, but are not limited to, further adverse developments with respect to the Debtors' liquidity position or operations of the Debtors' business, adverse developments in the Debtors' efforts to renegotiate their funding and adverse developments in the bank financing or public or private markets for debt or equity securities, or adverse developments in the timing or results of the Debtors' strategic business plan (including the timeline to emerge from chapter 11), the ability of the Debtors to retain and attract new clients and maintain

favorable vendor relationships, the difficulty in controlling industry costs and the ability of the Debtors to realize the anticipated general and administrative expense savings and overhead reductions presently contemplated, the ability of the Debtors to return their operations to profitability, the level and nature of any restructuring and other one-time charges, the difficulty in estimating costs relating to exiting certain markets and consolidating and closing certain operations, and the possible negative effects of a change in applicable legislation.

B. VALUATION

In connection with certain matters relating to the Plan, the Debtors directed Evercore to prepare a valuation analysis of the Debtors' businesses.

1. Overview

The Debtors have been advised by Evercore, their investment banker, with respect to the consolidated Enterprise Value (as hereinafter defined) of the Reorganized Debtors on a going-concern basis. Evercore undertook this valuation analysis for the purpose of determining value available for distribution to holders of Allowed Claims pursuant to the Plan and to analyze the relative recoveries to such holders thereunder. The estimated total value available for distribution to holders of Allowed Claims is comprised of an estimated value of the Reorganized Debtors' operations on a going concern basis (the "Enterprise Value").

Based in part on information provided by the Debtors, Evercore has concluded solely for purposes of the Plan that the Enterprise Value of the Reorganized Debtors ranges from approximately \$74 to \$109 million. Evercore's estimated Enterprise Value implies a value for the equity interests in the Reorganized Debtors (the "Common Equity Value") of approximately \$0 to \$10 million. These values do not assume any value for potential net operating losses ("NOLs") that may be available upon the Effective Date. Evercore's estimate of Enterprise Value does not constitute an opinion as to fairness from a financial point of view of the consideration to be received under the Plan or of the terms and provisions of the Plan.

THE ASSUMED ENTERPRISE VALUE RANGE REFLECTS WORK PERFORMED BY EVERCORE ON THE BASIS OF INFORMATION AVAILABLE TO EVERCORE AS OF APRIL 7, 2008. ALTHOUGH SUBSEQUENT DEVELOPMENTS MAY AFFECT EVERCORE'S CONCLUSIONS, NEITHER EVERCORE NOR THE COMPANY HAS ANY OBLIGATION TO UPDATE, REVISE OR REAFFIRM EVERCORE'S ESTIMATE.

The estimate of the Enterprise Value of the Reorganized Debtors is based on a number of assumptions, including a successful reorganization of the Debtors' businesses and finances in a timely manner, the continued implementation of the Company's business plan, the achievement of the forecasts reflected in the Projections, access to adequate exit financing, no material changes to the existing management team, market conditions and the Plan becoming effective in accordance with the estimates and other assumptions discussed herein.

With respect to the Projections prepared by the management of the Company and included as Exhibit C to this Disclosure Statement, Evercore assumed that such Projections have been reasonably prepared in good faith and on a basis reflecting the best currently available estimates and judgments of the Company as to the future operating and financial performance of the Reorganized Debtors. Evercore's estimate of a range of Enterprise Values assumes that

operating results projected by the Company will be achieved by the Reorganized Debtors in all material respects. If the business performs at levels below or above those set forth in the projections, such performance may have a material impact on the estimated range of values derived therefrom.

In estimating the Enterprise Value and Common Equity Value of the Reorganized Debtors, Evercore: (a) reviewed certain historical financial information of the Debtors for recent years and interim periods; (b) reviewed certain internal financial and operating data of the Debtors, including the Projections as described in this Disclosure Statement, which data was prepared and provided to Evercore by the management of the Debtors and which relate to the Reorganized Debtors' business and its prospects; (c) met with members of senior management to discuss the Debtors' operations and future prospects; (d) reviewed publicly available financial data for, and considered the market value of, public companies that Evercore deemed generally comparable to the operating business of the Debtors; (e) reviewed publicly available financial data for, and considered the value of, merger and acquisition transactions involving companies Evercore deemed generally comparable to the operating business of the Debtors; (f) considered certain economic and industry information relevant to the operating business; and (g) conducted such other studies, analyses, inquiries and investigations as it deemed appropriate. Although Evercore conducted a review and analysis of the Debtors' business, operating assets and liabilities, and the Reorganized Debtors' business plan, it assumed and relied on the accuracy and completeness of all financial and other information furnished to it by the Debtors, as well as publicly available information.

In addition, Evercore did not independently verify management's Projections in connection with preparing estimates of Enterprise Value and Common Equity Value, and no independent valuations or appraisals of the Debtors were sought or obtained in connection herewith. Estimates of Enterprise Value and Common Equity Value were developed solely for purposes of the formulation and negotiation of the Plan and the analysis of implied relative recoveries to holders of Allowed Claims thereunder. Such estimates reflect the application of various valuation techniques and do not purport to reflect or constitute appraisals, liquidation values or estimates of the actual market value that may be realized through the sale of any securities to be issued pursuant to the Plan, which may be significantly different than the amounts set forth herein.

The value of an operating business is subject to numerous uncertainties and contingencies which are difficult to predict and will fluctuate with changes in factors affecting the financial condition and prospects of such a business. As a result, the estimated Enterprise Value range of the Reorganized Debtors set forth herein is not necessarily indicative of actual outcomes, which may be significantly more or less favorable than those set forth herein. Neither the Debtors, Evercore, nor any other person assumes responsibility for their accuracy. In addition, the valuation of newly issued securities is subject to additional uncertainties and contingencies, all of which are difficult to predict. Actual market prices of such securities at issuance will depend upon, among other things, the operating performance of the Debtors, prevailing interest rates, conditions in the financial markets, the anticipated holding period of any securities received by holders of Allowed Claims (some of whom may prefer to liquidate their investment rather than hold it on a long-term basis), and other factors which generally influence the prices of such securities.

2. Valuation Methodology

The following is a brief summary of certain financial analyses performed by Evercore to arrive at its range of estimated Enterprise Values for the Reorganized Debtors. Evercore primarily relied on three methodologies: comparable public company analysis, discounted cash flow analysis and precedent transactions analysis. Evercore placed different weights on each of these analyses and made judgments as to the relative significance of each analysis in determining the Reorganized Debtors' value. Evercore's valuation analysis must be considered as a whole and selecting just one methodology or portions of the analysis could create a misleading or incomplete conclusion as to Enterprise Value.

In preparing its valuation estimate, Evercore performed a variety of analyses and considered a variety of factors, some of which are described herein. The following summary does not purport to be a complete description of the analyses and factors undertaken to support Evercore's conclusions. The preparation of a valuation is a complex process involving various determinations as to the most appropriate analyses and factors to consider, as well as the application of those analyses and factors under the particular circumstances. As a result, the process involved in preparing a valuation is not readily summarized.

The three methodologies considered by Evercore in preparing a valuation of the Reorganized Debtors are as follows:

(a) Comparable Company Analysis

Comparable company analysis estimates the value of a company based on relative comparison with publicly traded companies with similar operating and financial characteristics. Under this methodology, observed enterprise values for selected public companies are commonly expressed as multiples of various measures of earnings, most commonly earnings before interest, taxes, depreciation and amortization ("EBITDA"), earnings before interest and taxes ("EBIT") and net income. In addition, each company's operational performance, operating margins, profitability, leverage and business trends are examined. Based on these analyses, financial multiples and ratios are calculated to measure each company's relative performance and valuation.

A key factor to this approach is the selection of companies with relatively similar business and operational characteristics to the Debtors. Common criteria for selecting comparable companies in the Business Process Outsourcing ("BPO") industry for the analysis include, among other relevant characteristics, similar lines of businesses, site location/geography, customers, business risks, growth prospects, maturity of businesses, market presence and size and scale of operations. In selecting the comparables, Evercore specifically excluded BPO companies whose service offerings focused on higher value services including, but not limited to, consulting services, human resource management, debt collection, and benefits processing.

The selection of truly comparable companies is often difficult and subject to limitations due to sample size and the availability of meaningful market-based information. However, the underlying concept is to develop a premise for relative value, which, when coupled with other approaches, presents a foundation for determining enterprise value.

Evercore selected the following publicly traded companies (the "Peer Group") on the basis of general comparability to the Debtors in one or more of the factors described above:

Convergys Corp., Etelecare Global Solution, ICT Group Inc., Paxys Inc., Peoplesupport Inc., Startek Inc., Sykes Enterprises Inc., Teleperformance, Teletech Holdings, Inc., and WNS Holdings.

In developing multiples of earnings for the Peer Group, Evercore relied primarily on multiples of EBITDA. Evercore calculated EBITDA multiples for the Peer Group by dividing the enterprise values of each comparable company by the projected 2008 and 2009 EBITDA. The estimated 2008 and 2009 EBITDA for the Peer Group was sourced from I/B/E/S, which aggregates estimates from equity and fixed income research reports.

Evercore developed a range of enterprise values for the Reorganized Debtors by applying representative EBITDA multiples for the Peer Group to the Debtors' FY 2008 and FY 2009 Adjusted EBITDA. In applying these ranges, Evercore considered a variety of factors, including both quantitative attributes and qualitative measures such as historical and projected revenue and EBITDA results, historical enterprise value/EBITDA trading multiples, EBITDA margins, similar lines of businesses, site location/geography, customers, business risks, growth prospects, maturity of businesses, market presence and size and scale of operations

Having calculated these statistics, Evercore then applied the ranges of multiples to the Debtors' 2008 Adjusted EBITDA of \$15.9 million and 2009 Adjusted EBITDA of \$18.1 million to determine a range of Enterprise Values.

(b) Precedent Transactions Analysis

The precedent transactions analysis estimates value by examining public merger and acquisition transactions. An analysis of a company's transaction value as a multiple of various operating statistics provides industry-wide valuation multiples for companies in similar lines of business to the Debtors. Transaction multiples are calculated based on the purchase price (including any debt assumed) paid to acquire companies that are comparable to the Debtors. Evercore specifically focused on prices paid as a multiple of EBITDA in determining a range of values for the Debtors. The derived multiples are then applied to the Debtors' key operating statistics to determine the Enterprise Value or value to a potential strategic buyer.

Unlike the comparable public company analysis, the valuation in this methodology reflects a "control" premium, representing the purchase of a majority or controlling position in a company's assets. Thus, this methodology generally produces higher valuations than the comparable public company analysis. Other aspects of value that are manifest in a precedent transaction analysis include the following: (a) circumstances surrounding a merger transaction may introduce "diffusive quantitative results" into the analysis (e.g., an additional premium may be extracted from a buyer in a case of a competitive bidding contest); (b) the market environment is not identical for transactions occurring at different periods of time; and (c) circumstances pertaining to the financial position of the company may have an impact on the resulting purchase price (e.g., a company in financial distress may receive a lower price due to perceived weakness in its bargaining leverage).

As with the comparable public company analysis, because no acquisition used in any analysis is identical to a target transaction, valuation conclusions cannot be based solely on quantitative results. The reasons for and circumstances surrounding each acquisition transaction are specific to such transaction, and there are inherent differences between the businesses, operations, and prospects of each. Therefore, qualitative judgments must be made concerning the

differences between the characteristics of these transactions and other factors and issues that could affect the price an acquirer is willing to pay in an acquisition. The number of completed transactions for which public data is available also limits this analysis. Because the precedent transaction analysis explains other aspects of value besides the inherent value of a company, there are limitations as to its use in the valuation of the Debtors.

In deriving a range of Enterprise Values for the Debtors under this methodology, Evercore evaluated various North American merger and acquisition transactions that have occurred in the BPO industry since 2005 at values greater than \$50.0 million. Evercore calculated multiples of Transaction Value to LTM EBITDA of the target companies by dividing the disclosed purchase price of the target's equity, plus any debt assumed as part of the transaction, by disclosed LTM EBITDA. Evercore then applied these multiples to the Debtors' LTM June 2008 Adjusted EBITDA of \$14.6 million.

(c) Discounted Cash Flow Analysis

The Discounted Cash Flow ("DCF") analysis is a forward-looking enterprise valuation methodology that relates the value of an asset or business to the present value of expected future cash flows to be generated by that asset or business. Under this methodology, projected future cash flows are discounted by the business' weighted average cost of capital (the "Discount Rate"). The Discount Rate reflects the estimated blended rate of return debt and equity investors would require to invest in the business based on its capital structure. The value of the firm (or Enterprise Value) is determined by calculating the present value of the Reorganized Debtors' unlevered, after-tax, free cash flows based on its business plan, plus an estimate for the value of the firm beyond the period of July 2008 to 2010 ("DCF Projection Period") known as the terminal value. The terminal value range was derived by applying a range of multiples to the Reorganized Debtors' projected EBITDA in the final year of the DCF Projection Period, discounted back to the assumed date of emergence by the Discount Rate.

To estimate the Discount Rate, Evercore used the cost of equity and the after-tax cost of debt for the Reorganized Debtors. Evercore calculated the cost of equity based on the Capital Asset Pricing Model, which assumes that the required equity return is a function of the risk-free cost of capital and the correlation of a publicly traded stock's performance to the return on the broader market. To estimate the cost of debt, Evercore considered the debt financing costs for comparable companies with leverage similar to the Reorganized Debtors' target capital structure.

Although formulaic methods are used to derive the key estimates for the DCF methodology, their application and interpretation still involve complex considerations and judgments concerning potential variances in the projected financial and operating characteristics of the Reorganized Debtors, which in turn affect its cost of capital and terminal multiples.

In applying the above methodology, Evercore utilized management's detailed Projections to derive unlevered after-tax free cash flows. Free cash flow includes sources and uses of cash not reflected in the income statement, such as changes in working capital and capital expenditures. For purposes of this analysis, the Reorganized Debtors are assumed to have no cash-tax expense in the DCF Projection Period. These cash flows, along with the terminal value, are discounted back to the assumed Effective Date using the range of Discount Rates described above to arrive at a range of Enterprise Values.

THE ESTIMATED COMMON EQUITY VALUE ASCRIBED IN THE FOREGOING ANALYSIS DOES NOT PURPORT TO REFLECT OR CONSTITUTE AN APPRAISAL, NOR IS IT INTENDED TO BE AN ESTIMATE OF THE MARKET TRADING VALUE OF THE NEW COMMON STOCK OR ANY OTHER SECURITIES TO BE ISSUED PURSUANT TO THE PLAN. ACTUAL MARKET VALUES THAT MAY BE REALIZED THROUGH THE SALE OF SUCH SECURITIES MAY BE SIGNIFICANTLY DIFFERENT THAN THE ESTIMATED VALUES DISCUSSED HEREIN.

THE SUMMARY SET FORTH ABOVE DOES NOT PURPORT TO BE A COMPLETE DESCRIPTION OF THE ANALYSES PERFORMED BY EVERCORE. THE PREPARATION OF A VALUATION ESTIMATE INVOLVES VARIOUS DETERMINATIONS AS TO THE MOST APPROPRIATE AND RELEVANT METHODS OF FINANCIAL ANALYSIS AND THE APPLICATION OF THESE METHODS IN THE PARTICULAR CIRCUMSTANCES AND, THEREFORE, SUCH AN ESTIMATE IS NOT READILY SUITABLE TO SUMMARY DESCRIPTION. FURTHERMORE, VALUATION OF AN OPERATING BUSINESS IS A COMPLEX ANALYTICAL PROCESS, SUBJECT TO NUMEROUS UNCERTAINTIES AND CONTINGENCIES THAT ARE DIFFICULT TO PREDICT AND BEYOND THE CONTROL OF THE DEBTORS AND EVERCORE. CONSEQUENTLY, SUCH VALUATION WILL FLUCTUATE WITH CHANGES IN FACTORS AFFECTING THE FINANCIAL CONDITION AND PROSPECTS OF A BUSINESS. AS A RESULT, THE ESTIMATED RANGE OF VALUES SET FORTH IN THIS DISCLOSURE STATEMENT IS NOT NECESSARILY INDICATIVE OF ACTUAL OUTCOMES, WHICH MAY BE SIGNIFICANTLY MORE OR LESS FAVORABLE THAN THOSE SET FORTH HEREIN. BECAUSE SUCH ESTIMATES ARE INHERENTLY SUBJECT TO UNCERTAINTIES, NEITHER THE DEBTORS, EVERCORE, NOR ANY OTHER PERSON ASSUMES RESPONSIBILITY FOR THEIR ACCURACY.

VIII.

CERTAIN FACTORS AFFECTING THE DEBTORS

A. CERTAIN BANKRUPTCY LAW CONSIDERATIONS

1. Risk of Non-Confirmation of the Plan of Reorganization

Although the Debtors believe that the Plan will satisfy all requirements necessary for confirmation by the Bankruptcy Court, there can be no assurance that the Bankruptcy Court will reach the same conclusion or that modifications of the Plan will not be required for confirmation or that such modifications would not necessitate resolicitation of votes. Moreover, the failure of the Debtors to obtain entry of the Confirmation Order on or before June 21, 2008, constitutes an event of default under the Postpetition Financing Agreement that could give rise to termination of such facility and the exercise of remedies by the DIP Agent thereunder with respect to some or all of the Debtors' assets. Such default would also result in the Debtors' inability to use cash collateral absent further order of the Bankruptcy Court. Furthermore, the failure of the Debtors to obtain entry of the Confirmation Order on or before July 15, 2008, would (unless duly waived) constitute a termination event under the Restructuring Agreement that could allow parties to terminate their obligations to support the Plan.

2. Non-Consensual Confirmation

In the event any impaired class of claims or equity interests does not accept a plan of reorganization, a bankruptcy court may nevertheless confirm such plan at the proponent's request if at least one impaired class has accepted the plan (with such acceptance being determined without including the vote of any "insider" in such class), and as to each impaired class that has not accepted the plan, the bankruptcy court determines that the plan "does not discriminate unfairly" and is "fair and equitable" with respect to the dissenting impaired Classes. See Section IX.B.2 below, entitled "CONFIRMATION OF THE PLAN OF REORGANIZATION; Requirements for Confirmation of the Plan of Reorganization; Requirements of Section 1129(b) of the Bankruptcy Code." Because Class 7 (Preconfirmation Equity Interests) is deemed to reject the Plan, these requirements must be satisfied with respect to such Class. The Debtors believe that the Plan satisfies these requirements.

3. Risk of Delay in Confirmation of the Plan

Although the Debtors believe that the Effective Date will occur soon after the Confirmation Date, there can be no assurance as to such timing. Moreover, in connection with the Postpetition Financing Agreement, the Debtors have committed to the achievement of certain milestones, including the following: (i) entry of an order reasonably acceptable to certain DIP Lenders shall have been entered by the Bankruptcy Court approving the Disclosure Statement under Section 8.01(t) of the Postpetition Financing Agreement no later than May 12, 2008; and (ii) an order reasonably acceptable to such DIP Lenders shall have been entered by the Bankruptcy Court confirming the Plan under Section 8.01(u) of the Postpetition Financing Agreement no later than June 21, 2008. The failure of the Debtors to achieve these milestones by the dates required under the Postpetition Financing Agreement would (unless duly waived) constitute an event of default under the Postpetition Financing Agreement and the Postpetition Financing Order that could give rise to termination of the postpetition credit facility and the Debtors' ability to use cash collateral as well as the exercise of remedies by the DIP Agent with respect to some or all of the Debtors' assets.

B. ADDITIONAL FACTORS TO BE CONSIDERED

1. The Debtors Have No Duty to Update

The statements contained in this Disclosure Statement are made by the Debtors as of the date hereof, unless otherwise specified herein, and the delivery of this Disclosure Statement after that date does not imply that there has been no change in the information set forth herein since that date. The Debtors have no duty to update this Disclosure Statement unless otherwise ordered to do so by the Bankruptcy Court.

2. No Representations Outside This Disclosure Statement Are Authorized

No representations concerning or related to the Debtors, the Reorganization Cases, or the Plan are authorized by the Bankruptcy Court or the Bankruptcy Code, other than as set forth in this Disclosure Statement. Any representations or inducements made to secure your acceptance or rejection of the Plan that are other than as contained in, or included with, this Disclosure Statement should not be relied upon by you in arriving at your decision.

3. **Projections and Other Forward-Looking Statements
Are Not Assured, and Actual Results May Vary**

Certain of the information contained in this Disclosure Statement is, by nature, forward looking, and contains estimates and assumptions which might ultimately prove to be incorrect, and contains projections which may be materially different from actual future experiences. There are uncertainties associated with any projections and estimates, and the projections and estimates herein should not be considered assurances or guarantees of the amount of funds or the amount of Claims in the various Classes that might be allowed.

4. **General Unsecured Claims Could Be More Than Projected**

The general Bar Date for filing proofs of Claim has only recently passed. The Allowed amount of Claims in each class could be significantly more than projected, which in turn, could cause the value of distributions to be reduced substantially. If the Claims asserted against the Debtors exceed projections, it may reduce the amount of the Distribution Pro Rata Share distributed to each holder of an Allowed General Unsecured Claim.

5. **Debtors Could Withdraw the Plan**

Under the Plan, the Debtors could withdraw the Plan with respect to any Debtors and proceed with confirmation of the Plan with respect to any other Debtors.

6. **No Legal or Tax Advice Is Provided to You by This Disclosure Statement**

The contents of this Disclosure Statement should not be construed as legal, business or tax advice. Each creditor or Preconfirmation Equity Interest holder should consult his, her, or its own legal counsel and accountant as to legal, tax and other matters concerning his, her, or its Claim or Preconfirmation Equity Interest.

This Disclosure Statement is not legal advice to you. This Disclosure Statement may not be relied upon for any purpose other than to determine how to vote on the Plan or object to confirmation of the Plan.

7. **No Admission Made**

Nothing contained herein shall constitute an admission of, or be deemed evidence of, the tax or other legal effects of the Plan on the Debtors or on holders of Claims or Preconfirmation Equity Interests.

8. **Business Factors and Competitive Conditions**

(a) **General Economic Conditions**

In their financial projections, the Debtors have assumed that the general economic conditions of the United States economy will be stable over the next several years. The stability of economic conditions is subject to many factors outside the Debtors' control, including interest rates, inflation, unemployment rates, consumer spending, war, terrorism and other such factors. Any one of these or other economic factors could have a significant impact on the

operating performance of the Reorganized Debtors. There is no guarantee that economic conditions will improve in the near term.

(b) Business Factors

The Debtors believe that they will succeed in implementing and executing their business plan and operational restructuring for benefits of all constituencies. However, there are risks that the goals of the Debtors' going-forward business plan and operational restructuring strategy will not be achieved. In such event, the Debtors may be unable to refinance maturing term debt or be forced to sell all or parts of their business, develop and implement further restructuring plans not contemplated herein or become subject to further insolvency proceedings. Holders of Claims in Class 4 (Allowed Prepetition First Lien Claims) and Class 5 (Allowed Prepetition Second Lien Claims) will receive equity in Postconfirmation HoldCo under the Plan; in the event of further restructurings or insolvency proceedings, the equity interests of such persons could be substantially diluted or even cancelled.

(c) Competitive Conditions

The outsourced B2B and B2C marketing and sales and business process outsourcing industry is highly competitive. There can be no assurance that existing clients of the Debtors will not exercise contractual termination rights, allow contracts to expire without renewal, or otherwise reduce the level of business they transact with the Debtors in favor of alternative services. Moreover, there can be no assurance that the Debtors will be able to add clients or grow their business profitably.

(d) Reliance on Key Clients

The Debtors' B2B business has one key client that generates the majority of that division's revenue, and that is also a significant client of the Debtors' B2C business. Although the Debtors' relationship with this client has remained strong, a reduction in business transactions and revenues from this client could have a deleterious effect on the Debtors' business.

(e) Reliance on Employees

A critical asset of the Debtors is their personnel, who have the ability to leave the Debtors and deprive the Debtors of the manpower and expertise essential for performance of the Debtors' businesses. The nature of the Debtors' business requires the Debtors to be able to recruit, train, and continuously improve the performance of their employee base to meet clients' needs. Moreover, the Debtors encourage their clients to rely on the Debtors' superior performance over an extended period of time. Deterioration of the Debtors' business, loss of a significant number of employees, or the inability to hire sufficient numbers of qualified employees at wage rates that allow the Debtors to earn margins consistent with their business plan could have a material adverse effect on the Reorganized Debtors and may threaten their ability to survive as a going concern.

The Debtors' successful transition through the restructuring process is dependent in part on the ability to retain and motivate their management and employees. There can be no assurance that the Reorganized Debtors will be able to retain or employ qualified management and personnel. Should the Reorganized Debtors be unable to retain the services of a large part of

their management team, the business prospects of the Reorganized Debtors could be materially and adversely affected.

(f) Clients

The Debtors believe that the majority of their client relationships are strong. However, if the Debtors' clients delay or stop paying the Debtors for services performed, assert unauthorized or inappropriate deductions against payments due to the Debtors, or refuse to continue to do business with the Debtors on customary, ordinary course, or continuing terms, the Debtors may be harmed. Additionally, the loss of a key client or a significant reduction in business volumes with continuing clients could have a material adverse impact on operating performance.

(g) Risks of International Operations

The Debtors generate a portion of their revenue from transactions with subcontractors and vendors located outside the United States, and as a result, are subject to the risks associated with doing business internationally. ACS provides services that support a significant percentage of the Debtors' revenues and margins. International transactions, particularly those with foreign subcontractors, frequently involve increased financial and legal risks arising from stringent contractual terms and conditions and the widely differing legal systems and customs in foreign countries. War, terrorism or public health issues in the regions of the world in which the Debtors do business have caused and may continue to cause damage or disruption to commerce by creating economic and political uncertainties. Such events could adversely affect the Debtors' business in any number of ways, such as decreasing demand for services, increasing costs of operations, making it difficult to perform services for clients, and causing delays and other problems in the course of operations. Future revenue, gross margin, expenses and financial condition could also suffer due to other international factors, including but not limited to: changes in a country's economic and labor conditions; currency fluctuations; compliance with a variety of foreign laws, as well as U.S. laws affecting the activities of U.S. companies abroad; changes in tax laws; changes in the regulatory or legal environment; difficulties associated with repatriating cash generated abroad; fluctuations in transportation costs; natural and medical disasters; and trade protection measures. Certain foreign vendors are paid by the Debtors in U.S. dollars. The recent depreciation in the foreign-exchange value of the U.S. dollar has, and may continue to have, adverse effects on the profitability of foreign vendors and this may occasion renegotiation of prices for services provided by such foreign vendors.

(h) Other Factors

Other factors that holders of Claims should consider are potential regulatory and legal developments that may impact the Reorganized Debtors. Although these and other such factors are beyond the Debtors' control and cannot be determined in advance, they could have a significant impact on the Reorganized Debtors' operating performance.

9. Access to Financing and Trade Terms

The Debtors' operations are dependent on the availability and cost of working capital financing and trade terms provided by vendors and may be adversely affected by any shortage or increased cost of such financing and trade vendor support. The Debtors' postpetition operations have been financed from operating cash flow and borrowings pursuant to the

Postpetition Financing Agreement. The Debtors believe that substantially all of their needs for funds necessary to consummate the Plan and for post-Effective Date working capital financing will be met by projected operating cash flow, the Exit Facility, and trade terms supplied by vendors. However, if the Reorganized Debtors require working capital and trade financing greater than that provided by such sources, they may be required either to (i) obtain other sources of financing or (ii) curtail their operations. The Reorganized Debtors may not be able to retire the term debt issued under the Plan from operating cash flows and may, therefore, have to refinance such debt when it matures.

No assurance can be given, however, that any additional financing will be available, if at all, on terms that are favorable or acceptable to the Reorganized Debtors. The Debtors believe that it is important to their going-forward business plan that their performance meet projected results in order to ensure continued support from vendors. There are risks to the Reorganized Debtors in the event that such support erodes after emergence from chapter 11 that could be alleviated by remaining in chapter 11. Chapter 11 affords to debtors, such as these Debtors, the opportunity to close facilities and liquidate assets relatively expeditiously, tools that will not be available to the Reorganized Debtors upon emergence. However, the Debtors believe that the benefits of emergence from chapter 11 at this time outweigh the potential costs of remaining in chapter 11, and that emergence at this time is in the long-term operational best interests of the Debtors, their creditors, clients, and employees.

10. Impact of Interest Rates and Foreign Exchange Valuations

The Debtors' assets and liabilities are subject to market risk associated with interest rate movements and currency rate movements on non-U.S. dollar denominated assets and liabilities, as well as collection of accounts receivable. Specifically, decreases in interest rates will positively impact the value of the Debtors' assets and the weakening of the U.S. dollar will negatively impact the value of their assets by increasing the cost of foreign transactions.

11. Variances from Projections

The fundamental premise of the Plan is the reduction of the Debtors' debt levels and the implementation and realization of the Debtors' business plan, as reflected in the Projections contained in this Disclosure Statement. The Projections reflect numerous assumptions concerning the anticipated future performance of the Reorganized Debtors, some of which may not materialize. Such assumptions include, among other items, assumptions concerning the general economy, the ability to make necessary capital expenditures, the ability to establish market strength, and the ability to stabilize and grow the company's client base and control future operating expenses. The Debtors believe that the assumptions underlying the projections are reasonable. However, unanticipated events and circumstances occurring subsequent to the preparation of the Projections may affect the actual financial results of the Reorganized Debtors. Therefore, the actual results achieved throughout the periods covered by the Projections necessarily will vary from the projected results, and such variations may be material and adverse.

C. CERTAIN TAX MATTERS

For a summary of certain federal income tax consequences of the Plan to holders of Claims and to the Debtors, see Section XI below, entitled "CERTAIN FEDERAL INCOME TAX CONSEQUENCES OF THE PLAN."

IX.

CONFIRMATION OF THE PLAN OF REORGANIZATION

A. CONFIRMATION HEARING

Section 1128(a) of the Bankruptcy Code requires the Bankruptcy Court, after appropriate notice, to hold a hearing on confirmation of a plan of reorganization. As set forth in the Disclosure Statement Order, the Bankruptcy Court has scheduled the confirmation hearing for June 19, 2008. The confirmation hearing may be adjourned from time to time by the Bankruptcy Court without further notice except for an announcement of the adjourned date made at the confirmation hearing or any subsequent adjourned confirmation hearing.

Any objection to confirmation of the Plan must be in writing, must conform to the Bankruptcy Rules, must set forth the name of the objector, the nature and amount of Claims or interests held or asserted by the objector against the Debtors' estate(s) or property, the basis for the objection and the specific grounds therefor, and must be filed with the Bankruptcy Court, with a copy to Chambers, together with proof of service thereof, and served upon (i) counsel for the Debtors, Weil, Gotshal & Manges LLP, 700 Louisiana Street, Suite 1600, Houston, Texas 77002-2784 (Attn: Alfredo R. Pérez and James T. Grogan), (ii) the U.S. Trustee for the Southern District of New York, 33 Whitehall Street, 21st Floor, New York, New York 10004 (Attn: Greg M. Zipes), (iii) Chadbourne & Park LLP, 30 Rockefeller Plaza, New York, New York 10112 (Attn: Howard Seife and Andrew Rosenblatt), (iv) Bingham McCutchen LLP, 355 South Grand Avenue, Suite 4400, Los Angeles, California 90071-3106 (Attn: William Govier), (v) Bingham McCutchen LLP, 399 Park Avenue New York, NY 10022 (Attn: Timothy B. DeSieno), (vi) Blank Rome LLP, The Chrysler Building, 405 Lexington Avenue, New York, NY 10174-0208 (Attn: Andrew B. Eckstein and Rocco Cavalieri), (vii) Blank Rome LLP, One Logan Square, Philadelphia, PA 19103 (Attn: Regina Stango Kelbon), and (viii) Paul, Weiss, Rifkind, Wharton & Garrison LLP, 1285 Avenue of the Americas, New York, New York 10019-6064 (Attn: Douglas A. Cifu and Jeffrey D. Saferstein), so as to be received no later than 4:00 p.m. (prevailing Eastern Time) on June 12, 2008.

Objections to confirmation of the Plan are governed by Bankruptcy Rule 9014. UNLESS AN OBJECTION TO CONFIRMATION IS TIMELY SERVED AND FILED, IT MAY NOT BE CONSIDERED BY THE BANKRUPTCY COURT.

B. REQUIREMENTS FOR CONFIRMATION OF THE PLAN OF REORGANIZATION

1. Requirements of Section 1129(a) of the Bankruptcy Code

(a) General Requirements

At the confirmation hearing, the Bankruptcy Court will determine whether the following confirmation requirements specified in section 1129 of the Bankruptcy Code have been satisfied:

- (1) The Plan complies with the applicable provisions of the Bankruptcy Code.

(2) The Debtors have complied with the applicable provisions of the Bankruptcy Code.

(3) The Plan has been proposed in good faith and not by any means proscribed by law.

(4) Any payment made or promised by the Debtors or by a Person issuing securities or acquiring property under the Plan for services or for costs and expenses in, or in connection with, the Reorganization Cases, or in connection with the Plan and incident to the Reorganization Cases, has been disclosed to the Bankruptcy Court, and any such payment made before confirmation of the Plan is reasonable, or if such payment is to be fixed after confirmation of the Plan, such payment is subject to the approval of the Bankruptcy Court as reasonable.

(5) The Debtors have disclosed the identity and affiliations of any individual proposed to serve, after confirmation of the Plan, as a director or officer of the Debtors, an affiliate of the Debtors participating in a Plan with the Debtors, or a successor to the Debtors under the Plan, and the appointment to, or continuance in, such office of such individual is consistent with the interests of creditors and equity holders and with public policy, and the Debtors have disclosed the identity of any insider that will be employed or retained by the Debtors, and the nature of any compensation for such insider.

(6) With respect to each class of claims or equity interests, each holder of an impaired claim or impaired equity interest either has accepted the Plan or will receive or retain under the Plan on account of such holder's claim or equity interest, property of a value, as of the Effective Date, that is not less than the amount such holder would receive or retain if the Debtors were liquidated on the Effective Date under chapter 7 of the Bankruptcy Code. See discussion of "Best Interests Test" below.

(7) Except to the extent the Plan meets the requirements of section 1129(b) of the Bankruptcy Code (discussed below), each class of claims or equity interests has either accepted the Plan or is not impaired under the Plan.

(8) Except to the extent that the holder of a particular claim has agreed to a different treatment of such claim, the Plan provides that administrative expenses and priority claims other than priority tax claims will be paid in full on the Effective Date and that priority tax claims will receive on account of such claims deferred cash payments, over a period not exceeding six years after the date of assessment of such claims, of a value, as of the Effective Date, equal to the allowed amount of such claims.

(9) At least one class of impaired claims has accepted the Plan, determined without including any acceptance of the Plan by any insider holding a claim in such class.

(10) Confirmation of the Plan is not likely to be followed by the liquidation or the need for further financial reorganization of the Debtors or any

successor to the Debtors under the Plan, unless such liquidation or reorganization is proposed in the Plan. See discussion of "Feasibility" below.

(11) The Plan provides for the continuation after the Effective Date of payment of all "retiree benefits" (as defined in section 1114 of the Bankruptcy Code), at the level established pursuant to subsection 1114(e)(1)(B) or 1114(g) of the Bankruptcy Code at any time prior to confirmation of the Plan, for the duration of the period the Debtors have obligated themselves to provide such benefits, if any.

(b) Best Interests Test

As described above, the Bankruptcy Code requires that each holder of an impaired claim or equity interest either (i) accepts the Plan or (ii) receives or retains under the Plan property of a value, as of the Effective Date, that is not less than the value such holder would receive or retain if the Debtors were liquidated under chapter 7 of the Bankruptcy Code on the Effective Date.

The first step in meeting this test is to determine the dollar amount that would be generated from the liquidation of the Debtors' assets and properties in the context of a chapter 7 liquidation case. The gross amount of Cash available would be the sum of the proceeds from the disposition of the Debtors' assets and the Cash held by the Debtors at the time of the commencement of the chapter 7 case. The next step, is to reduce that total by the amount of any claims secured by such assets, the costs and expenses of the liquidation, and such additional administrative expenses and priority claims that may result from the termination of the Debtors' business and the use of chapter 7 for the purposes of liquidation. Any remaining net Cash would be allocated to creditors and shareholders in strict priority in accordance with section 726 of the Bankruptcy Code (see discussion below). Finally, taking into account the time necessary to accomplish the liquidation, the present value of such allocations may be compared to the value of the property that is proposed to be distributed under the Plan on the Effective Date.

The Debtors' costs of liquidation under chapter 7 would include the fees payable to a chapter 7 trustee in bankruptcy, as well as those that might be payable to attorneys and other professionals that such a trustee may engage, plus any unpaid expenses incurred by the Debtors during the chapter 11 case and allowed in the chapter 7 case, such as compensation for attorneys, financial advisors, appraisers, accountants and other professionals, and costs and expenses of members of any statutory committee of unsecured creditors appointed by the United States Trustee pursuant to section 1102 of the Bankruptcy Code and any other committee so appointed. Moreover, in a chapter 7 liquidation, additional claims would arise by reason of the breach or rejection of obligations incurred and executory contracts or leases entered into by the Debtors both prior to, and during the pendency of, the chapter 11 cases.

The foregoing types of claims, costs, expenses, fees and such other claims that may arise in a liquidation case would be paid in full from the liquidation proceeds before the balance of those proceeds would be made available to pay pre-chapter 11 priority and unsecured claims. Under the absolute priority rule, no junior creditor would receive any distribution until all senior creditors are paid in full, with interest, and no equity holder receives any distribution until all creditors are paid in full, with interest. The Debtors believe that in a chapter 7 case, holders of General Unsecured Claims would receive no distributions of property. Accordingly, the Plan satisfies the rule of absolute priority.

After consideration of the effects that a chapter 7 liquidation would have on the ultimate proceeds available for distribution to creditors in a chapter 11 case, including (i) the increased costs and expenses of a liquidation under chapter 7 arising from fees payable to a trustee in bankruptcy and professional advisors to such trustee, (ii) the erosion in value of assets in a chapter 7 case in the context of the expeditious liquidation required under chapter 7 and the “forced sale” atmosphere that would prevail and (iii) substantial increases in claims which would be satisfied on a priority basis, the Debtors have determined that confirmation of the Plan will provide each creditor and equity holder with a recovery that is not less than it would receive pursuant to a liquidation of the Debtors under chapter 7 of the Bankruptcy Code.

Moreover, the Debtors believe that the value of any distributions from the liquidation proceeds to each class of allowed claims in a chapter 7 case would be the same or less than the value of distributions under the Plan because such distributions in a chapter 7 case may not occur for a substantial period of time. In this regard, it is possible that distribution of the proceeds of the liquidation could be delayed for a year or more after the completion of such liquidation in order to resolve the claims and prepare for distributions. In the event litigation were necessary to resolve claims asserted in the chapter 7 case, the delay could be further prolonged and administrative expenses further increased.

The Debtors' liquidation analysis is an estimate of the proceeds that may be generated as a result of a hypothetical chapter 7 liquidation of the assets of the Debtors. The analysis is based upon a number of significant assumptions which are described. The liquidation analysis does not purport to be a valuation of the Debtors' assets and is not necessarily indicative of the values that may be realized in an actual liquidation.

(c) Liquidation Analysis

The Debtors' chapter 7 liquidation analysis and assumptions are set forth in Exhibit D to this Disclosure Statement.

(d) Feasibility

The Bankruptcy Code requires a debtor to demonstrate that confirmation of a plan of reorganization is not likely to be followed by the liquidation or the need for further financial reorganization of a debtor unless so provided by the plan of reorganization. For purposes of determining whether the Plan meets this requirement, the Debtors have analyzed their ability to meet their financial obligations as contemplated thereunder. As part of this analysis, the Debtors have prepared the projections contained in section VII above, entitled “PROJECTIONS AND VALUATION ANALYSIS,” and in Exhibit C to this Disclosure Statement. These Projections are based upon the assumption that the Plan will be confirmed by the Bankruptcy Court, and for projection purposes, that the Effective Date of the Plan and its substantial consummation will take place in June, 2008. The Projections include balance sheets, statements of operations and statements of cash flows. Based upon the Projections, the Debtors believe they will be able to make all payments required to be made pursuant to the Plan.

2. Requirements of Section 1129(b) of the Bankruptcy Code

The Bankruptcy Court may confirm the Plan over the rejection or deemed rejection of the Plan by a class of claims or equity interests if the Plan “does not discriminate unfairly” and is “fair and equitable” with respect to such class.

No Unfair Discrimination. This test applies to classes of claims or equity interests that are of equal priority and are receiving different treatment under a plan of reorganization. The test does not require that the treatment be the same or equivalent, but that such treatment be “fair.”

Fair and Equitable Test. This test applies to classes of different priority (e.g., unsecured versus secured) and includes the general requirement that no class of claims receive more than 100% of the allowed amount of the claims in such class. As to the dissenting class, the test sets different standards, depending on the type of claims or interests in such class:

- *Secured Claims.* Each holder of an impaired secured claim either (i) retains its Liens on the property (or if sold, on the proceeds thereof) to the extent of the allowed amount of its secured claim and receives deferred cash payments having a value, as of the effective date of the plan, of at least the allowed amount of such claim or (ii) receives the “indubitable equivalent” of its allowed secured claim.
- *Unsecured Claims.* Either (i) each holder of an impaired unsecured claim receives or retains under the plan property of a value equal to the amount of its allowed unsecured claim or (ii) the holders of claims and interests that are junior to the claims of the dissenting class will not receive or retain any property under the plan of reorganization.
- *Equity Interests.* Either (i) each equity interest holder will receive or retain under the plan of reorganization property of a value equal to the greater of (a) the fixed liquidation preference or redemption price, if any, of such stock and (b) the value of the stock, or (ii) the holders of interests that are junior to the equity interests of the dissenting class will not receive or retain any property under the plan of reorganization.

The Debtors believe the Plan will satisfy both the “no unfair discrimination” requirement and the “fair and equitable” requirement notwithstanding that Class 7 (Preconfirmation Equity Interests) is deemed to reject the Plan, because as to Class 7 (Preconfirmation Equity Interests), there is no class of equal priority receiving more favorable treatment and no class that is junior to such a dissenting class will receive or retain any property on account of the claims or equity interests in such class.

X.

ALTERNATIVES TO CONFIRMATION AND CONSUMMATION OF THE PLAN OF REORGANIZATION

If the Plan is not confirmed and consummated, the alternatives to the Plan include (i) liquidation of the Debtors under chapter 7 of the Bankruptcy Code and (ii) an alternative chapter 11 plan of reorganization.

A. LIQUIDATION UNDER CHAPTER 7

If no plan can be confirmed, the Debtors’ chapter 11 cases may be converted to cases under chapter 7 of the Bankruptcy Code, pursuant to which a trustee would be appointed to

liquidate the assets of the Debtors for distribution in accordance with the priorities established by the Bankruptcy Code. A discussion of the effects that a chapter 7 liquidation would have on the recovery of holders of claims and equity interests and the Debtors' liquidation analysis are set forth in Section IX above, entitled "CONFIRMATION OF THE PLAN OF REORGANIZATION; Requirements for Confirmation of the Plan of Reorganization; Consensual Confirmation; Best Interests Test." The Debtors believe that liquidation under chapter 7 would result in smaller distributions being made to creditors than those provided for in the Plan because of (i) the likelihood that the assets of the Debtors would have to be sold or otherwise disposed of in a less orderly fashion over a shorter period of time, (ii) additional administrative expenses involved in the appointment of a trustee and (iii) additional expenses and claims, some of which would be entitled to priority, which would be generated during the liquidation and from the rejection of leases and other executory contracts in connection with a cessation of the Debtors' operations. In a chapter 7 liquidation, the Debtors believe that there would be no distribution to the holders of General Unsecured Claims or the holders of Preconfirmation Equity Interests.

B. ALTERNATIVE PLAN OF REORGANIZATION

If the Plan is not confirmed, the Debtors (or if the Debtors' exclusive period in which to file a plan of reorganization has expired, any other party in interest) could attempt to formulate a different chapter 11 plan of reorganization. Such a plan of reorganization might involve either a reorganization and continuation of the Debtors' business or an orderly liquidation of their assets under chapter 11. With respect to an alternative plan, the Debtors have explored various alternatives in connection with the formulation and development of the Plan. The Debtors believe that the Plan, as described herein, enables creditors and equity holders to realize the most value under the circumstances. In a liquidation under chapter 11, the Debtors' assets would be sold in an orderly fashion over a more extended period of time than in a liquidation under chapter 7, possibly resulting in somewhat greater (but indeterminate) recoveries than would be obtained in chapter 7. Further, if a trustee were not appointed, because such appointment is not required in a chapter 11 case, the expenses for professional fees would most likely be lower than those incurred in a chapter 7 case. Although preferable to a chapter 7 liquidation, the Debtors believe that any alternative liquidation under chapter 11 is a much less attractive alternative to creditors and equity holders than the Plan because of the greater return provided by the Plan.

XI.

CERTAIN FEDERAL INCOME TAX CONSEQUENCES OF THE PLAN

The following discussion summarizes certain U.S. federal income tax consequences of the implementation of the Plan to the Debtors and to certain holders of Claims. The following summary does not address the U.S. federal income tax consequences to holders whose Claims are not impaired (e.g., Other Priority Claims, Secured Tax Claims and Other Secured Claims). In addition, the following summary does not address the federal income tax consequences to holders of Preconfirmation Equity Interests as they are deemed to reject the Plan and the Debtors have been advised that such holders have engaged independent counsel.

The following summary is based on the Internal Revenue Code of 1986, as amended (the "Tax Code"), Treasury Regulations promulgated thereunder, judicial decisions, and published administrative rules and pronouncements of the Internal Revenue Service (the "IRS"), all as in effect on the date hereof. Changes in such rules or new interpretations thereof may have
